Members Of Softball
League Met Tuesday

Members of the Hancock County
Softball League met Tuesday night
at the Knock-Knock Club to for-
mulate plans for the tournament
to be held at St. Stanislaus sta-
dium April 24 beginning at 1
a. m. There will be ten teams
participating in the tournament.
Wesley Haas and Gaspar Mau-
reri were named committee chair-
men for handling soft drinks.
Charles Carter, Jr., food; Billy Os-
bourn and B. Starita, building
concession stands; Osbourn and
Don Caldwell, obtaining umpires.
A meeting to complete plans
is scheduled for April 19.

A meeting of the Board of Di-
rectors of the Hancock County
Chamber of Commerce was held
on Monday, April 4, at 5:30 p.
m. This was the meeting
which was composed of two teams
headed by A. G. Dantagnan and
August Scaffidi, each team had
twelve members from the Cham-
ber roster. The winning team
was the one headed by A. G. Dan-
tagnan and they will be treated
to a dinner by the losing team.
The drive resulted in getting
more new members and the full
membership list will be published
soon.

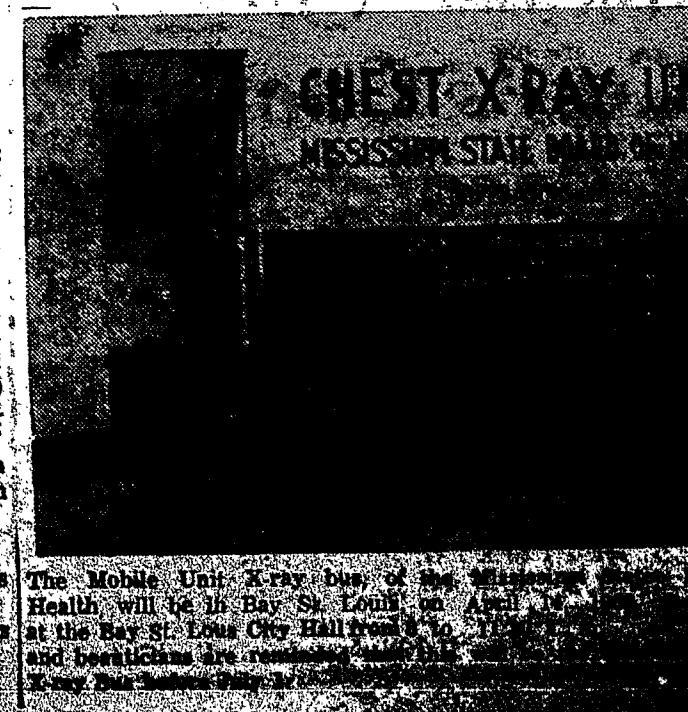

August Scaffidi, chairman of
the boat launching ramp, reported
on the progress that had been
made and at the present time
a meeting is being arranged with
City and County Officials togeth-
er with a committee appointed
from the Yacht Club, to try and
work out the differences that
might exist which would lead to
the final completion of the ramp.
Rev. Charles R. Johnson re-
ported that the much needed di-
rectional signal light, at Highway
90 and the Bay St. Louis Bridge
had been completed and ex-
pressed his thanks to Commissioner
John D. Smith of the Highway
Department for carrying out
this promise to the Chamber.

Mr. Dantagnan, president of
the Hancock County Chamber of
Commerce, expressed his thanks
for the fine cooperation given by
the Hancock County Board of
Supervisors for agreeing to open
the mouth of Bayou Caddy in
order that the Shell Oil Com-
pany's seismics crew could use
Bayou Caddy as their port of en-
try for their seismograph work
in the gulf.

The most important highlight
of the meeting were the projects
the Chamber of Commerce, as a
whole, thinks should be under-
taken by the present City Admin-
istration and that is the install-
ation of sewerage, drainage and
adequate water system for the
community. Mr. Dantagnan stat-
ed that if Bay St. Louis is to go
forward the improvements men-
tioned are a necessity. As is now
stands, we are the only commu-
nity of our size without these fa-
cilities. It was decided by the
Board of directors that a com-
mittee be appointed to work to-
gether with the city officials in
trying to make this a reality.
After going over the Chamber
Roster very carefully in order
to appoint a committee who
would be unbiased and work
with the city officials, business
people and other civic organiza-
tions of the City of Bay St. Louis,
the following have accepted to
work on this committee of which
Dr. Leroy McFarland, Dave Mc-
Donald, E. J. Arceneaux, Mrs.
Margaret Kern, Rev. Charles
Johnson, Ray Prosser and Lucien

GEORGETTE B. HALL

Mr. and Mrs. George W. Harris and son, David and Mr. and Mrs. Melvin E. Harris and children, Denny and Bruce of Pensacola, Florida, were week-end guests of Mr. and Mrs. Ed Harris of Garden Lane. Mr. Melvin Harris is in the Air Corps and will be stationed in Newfoundland for a year. He plans to leave the United States about the tenth of April for his new assignment.

"Terror in the Suburbs," a mystery-comedy in three acts will be presented by the senior class of Bay High School this Friday night at 8 p. m. in the school's auditorium. Admission for students will be 25c, adults 50c. The play which promises to give audiences an evening of chills and suspense, as well as some hearty laughs, is under the direction of Mrs. George Curet, senior sponsor. In the cast are two Waveland girls, Lynne Hall and Bette Martin. Plan to attend. We know you'll enjoy seeing these youngsters.

Enjoying play practice at the home of Lynne Hall Tuesday night were members of the cast. The group recorded their voices on a tape recorder and played back their recordings. Members who took part in the rehearsal were Bette Martin, Carlene Garvey, Martha Allison, Carol Johnson, Diana Manning, Bill Watts, Barry Stephens, Tommy Johnston, Jim Johnston, Sal Geraci, and Lynne Hall. Later in the evening they enjoyed refreshments and a brief respite from work.

Another thespian from Waveland is Mrs. William Gaudet who is cast as the maid in the Little Theatre play, "Laura" which opened at the theatre Thursday night. Congratulations to all these folks for their creative talents.

Mr. and Mrs. Dan Byers are off once again for a vacation in Florida. They plan to visit St. Petersburg and Fort Lauderdale.

Mrs. John Munch of Waveland Avenue took time out last week to celebrate her birthday. The day was Monday, April 10. Congratulations!

Mr. and Mrs. A. E. White and children enjoyed a weekend in Hattiesburg. Mrs. White is doing just fine these days. Her many friends are glad to see her about.

Young Stephen Bartlett, son of Mr. and Mrs. Paul Bartlett of Waveland's Beach, has been ill for a few days, but he's back in school, catching up on his tests.

Welcome to Waveland is extended to Mr. and Mrs. John Redo who have taken over the Dairy Freeze. We can always tell when Spring has come. Crowds begin to gather in front of the malt shops and the trek to the Waveland Public Pier begins. Most of us thrive on our town's spring and summer activity.

Congratulations to Diane Dickson, of Waveland, Nita Kay Exwin and Patricia Goodsell of Bay St. Louis, who walked off with first place honors in the dancing category in Hattiesburg last week. The girls were entered in the 4-H Talent Contest, and had already won laurels by coming out in first place in the local competition held at the North Central earlier. The threesome will travel to Jackson the latter part of

the month to enter competition for state honors. Goodluck, girls.

Easter Seals Mailed Over Entire State

The 1950 Easter Seals were mailed to Mississippians in every part of the state by members of the Mississippi Easter Seal Society.

The seals symbolize all of the rehabilitation services which the Seal organization can provide for the crippled children and adults of the state.

J. Bori, Jr., Viceburg, pres.

ident of the Society, urges all those who wish to contribute to the 1950 fund campaign, to return their contributions now during this Easter Seal Month as proclaimed by Gov. Ross R. Barnett.

Funds derived from the distribution of Easter Seals make possible programs of care and treatment for that physically disabled children and adults may overcome their disabilities and live happily in an able-bodied world.

"Easter Seals also represent the opportunity for all of us to help those who need help," Bori said. "If it had not been for the volunteer services of those in 50 of our counties who assembled the Easter Seal appeal letters, stuffed and addressed the envelopes, thousands of Mississippians would be without hope this year."

The Mississippi Easter Seal Society is grateful for the cooperation and assistance of the individuals and organizations who gave

of their time and energy to help us in our second fund-raising campaign since the society was organized," Bori said.

The Mississippi Easter Seal Society is an affiliate of the National Society for Crippled Children and Adults which has conducted the Easter Seal program for the past 39 years. The Easter Seal Fund drives are being held in 1655 chapters in 50 states, the District of Columbia, and also Puerto Rico. Since World War II A Gain Of 300,000 Telephones In Mississippi

Testimony of Clarence L. Lott, Vice President and General Manager of Southern Bell in Mississippi, before the Mississippi Public Service Commission on March 23, 1950.

Since World War II there has been a gain of approximately 300,000 telephones in Mississippi. This phenomenal growth represents an increase of two and one-half times as many telephones in the past 15 years as was installed during the entire 66 year period prior to 1945. At the present time we have more than 409,000 telephones in Mississippi. By 1970 we expect this figure to double.

Rural main telephones in Mississippi have increased from 8,000 in 1945 to more than 68,000 today, a gain of over 700 per cent.

The Company has found it necessary to spend over \$169 million in the past 14 years to meet Mississippi's unprecedented demand for telephone service.

Lott said, "I believe that the record of our Company's performance demonstrates that the Company is keenly conscious of its obligation to the people of Mississippi. We want to build a communication system that can do as nearly as possible, anything people ask of it. We, along with the great leaders of our state, are tremendously interested in attracting new industry to our state. We believe that Mississippi has a great future and that its people will prosper. It is the Telephone Company's desire and purpose to serve the people of Mississippi well."

Testimony of Mr. R. J. Kimbrough, Mississippi Commercial Engineer for Southern Bell Telephone and Telegraph Company of Mississippi before the Mississippi Public Service Commission on March 23, 1950.

In the telephone business the main sources of revenue are from rates and charges for local and long distance service. Rates should be so as to provide maximum development, encourage the largest possible number of facilities and businesses to have basic local service.

With respect to extension of the base rate areas in eleven Mississippi exchanges, Mr. Kimbrough felt that these changes were justified in 1950.

Testimony of J. D. Porter, Assistant Vice President of Southern Bell, before the Mississippi Public Service Commission on March 23, 1950.

Mr. Porter described in his testimony the many differences between intra-state and inter-state long distance services. He said that differences in rates applied in practically all states and that Mississippi was not unique in this respect. He further stated that studies of the calling habits of Mississippi users indicates that a vast majority would benefit from a 2 minute-4 minute schedule on station-to-station calls.

1,722 earned graduates, which include 25 doctors, have been awarded by the University of Mississippi.

Graduates study at Ole Miss began in 1870 before this year's ceremony. Master of Arts degrees conferred on graduates in intellectual pursuits. The present doctoral program began in 1951. Half-century earlier, however, Ole Miss conferred three earned Doctor of Philosophy degrees—in 1893 to Hubert Anthony Shands, in 1894 to Paul Hill Saunders, and in 1895 to Eugene Harper Roberts, all of whom had distinguished careers.

Tommy writes 300,000 checks a year!

Tommy Cox, data processing employee of United Gas, operates a machine which writes some 12,000 payroll checks and 13,000 gas purchase and royalty checks each month.

Many thousands of United Gas checks move into the channels of trade in the Gulf South every year. In 1959, for example, we issued checks to cover the purchase of more than one trillion cubic feet of natural gas produced in this area. Add to these the payroll checks for our 6,000 employees; those for the millions of dollars we paid in state and local taxes; in royalties and lease rentals;

and for the purchase of supplies and equipment. Consider, too, our expenditures averaging more than \$1,000,000 per week for the past ten years to build new pipe lines, drill new wells, extend distribution and service lines. What an impact on the economy of the area we live in! The gas industry, and United Gas, are mighty important to the prosperity of the entire Gulf South.

CHEVY! YOU CAN'T BUY ANY CAR FOR LESS...UNLESS IT'S A LOT LESS CAR!

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you—no extra cost—that others in its class can't offer at any price. Shock-cushioned steering. Safety Plate Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time settling for anything less.

"Never So Few To" Open At A & G Theatre April 10th.

The electric combination of Frank Sinatra and Gina Lollobrigida in a vibrant love story set against a background in Burma during World War II gives the screen one of the year's outstanding attractions in Metro-Goldwyn's "Never So Few".

This is a picture which is big in every sense of the word. It is based on the best-selling novel by Tom Chittles. It was filmed in CinemaScope and Metrocolor. A location unit traveled 27,000 miles to film jungle fighting sequences in Burma, Thailand and Ceylon.

As the American Captain in command of 600 Kachin guerrillas assigned to harass 40,000 Japanese troops, it gives Frank Sinatra the most dynamic role of his career, currently at its peak. As the beautiful refugee who falls in love with him, it presents Gina Lollobrigida, Italy's most famous star, in her first Hollywood-filmed motion picture.

In addition to its compelling romantic combination the outstanding cast of "Never So Few" includes Peter Lawford now a television favorite, in his first role in five years; Steve McQueen, star of TV's "Wanted—Dead or Alive" series, in his major screen debut; Richard Johnson, prominent young British actor, in his first film role; Paul Henreid, Brian Donlevy and Dean Jones. The picture was produced by Edmund Grainger and was directed by John Sturges from a screen play by Millard Kaufman.

"A Tale Of Two Cities" At Legion Theatre April 14, 15 and 16

The stirring tale of the French Revolution, Charles Dickens' immortal "A Tale of Two Cities" has been made into a dramatic motion picture for the Rank Organization by the producer-director team of Betty E. Box and Ralph Thomas with the internationally famous Dirk Bogarde starring as Sydney Carton.

The Rank Organization's production, "A Tale of Two Cities," is the first motion picture of the classic Dickens work in years, the last being the Ronald Colman vehicle in 1935. The film will have its first showing at the Legion Theatre on April 14, 15 and 16.

"A Tale of Two Cities" is an outstanding achievement—an inspired motion picture production of the celebrated novel. Each scene, each beloved character is a tribute to the writing genius of Dickens and to the Rank Organization for the costly film production it has given this great book recreating through its cast of important players the fidelity, spirit and dramatic fervor of Dickens' immortal characters. Rank Film Distributors of America, Inc., is releasing the film.

"A Dog Of Flanders" At A & G Theatre April 16, 17, And 18

Spike, 7-year-old canine star of "A Dog Of Flanders" Twentieth Century-Fox's cinemascopic and Deluxe Color adaptation of the classic novel to play at the A & G Theatre, April 16, 17, and 18, was "discovered" at the Los Angeles Dog Pound when he was a 3-month-old puppy by Hollywood dog trainer Frank Weatherwax.

Weatherwax, famed trainer of such Hollywood canine stars as Lassie and Jasper, of "Bachelor Father," immediately recognized a future star in the appealing puppy of doubtful parentage.

Under Weatherwax's careful tutelage, Spike grew to maturity in a series of minor roles in motion pictures and television. He broke into rarefied ranks of Hollywood stardom playing the title role in "Old Yeller."

"Dog of Flanders," Spike's second consecutive title role, co-stars the canine actor with such award-winning human stars as David Ladd, Donald Crisp and Theodore Bikel in the screen version of Ouida's poignant story of a young boy, his dog and his ambition to become an artist.
